

Norbar PTM-52 with Right Angle Gearbox, 800 NÅ·m, Bi-Directional, Square Size: 3/4"

The PTM-52 has been designed to be one of the lightest and fastest tools of its kind available. The tool is finely balanced, light weight, and provides great access to bolts because to the extremely tiny 52mm diameter gearbox. The Right Angle Gearbox allows Norbar's electronic torque instruments to be used in a variety of situations where they are now unavailable owing to space constraints.

Specifications	Details
Weight	7.11kg
Air Consumption	19 litres/sec (40 CFM)
Max Air Pressure	6.3 bar
Square Size	3/4"
Length	403mm
Free Speed	224 rpm
Accuracy	Å±5%
Product Number	18101.B06.RA
Brand	Norbar
Model Number	PTM-52
Height	339mm
Range Imperial	118 - 590 lbfÅ·ft
Range Metric	160 - 800 NÅ·m
