

Norbar PneuTorque PTM-52 Pneumatic Torque Multiplier 100-500NM, Square Size: 3/4", with Right Angle Gearbox

The PTM-52 has been designed to be one of the lightest and fastest tools of its kind available. The tool is finely balanced, light weight, and provides great access to bolts because to the extremely tiny 52mm diameter gearbox. The Right Angle Gearbox allows Norbar's electronic torque instruments to be used in a variety of situations where they are now unavailable owing to space constraints.

Specifications	Details
Air Consumption	19 litres/sec (40 CFM)
Accuracy	±5%
Free Speed	224 rpm
Brand	Norbar
Product Number	18100.B06.RA
Weight	7.11kg
Length	403mm
Model Number	PTM-52
Height	339mm
Range Imperial	74 - 370 lbf·ft
Range Metric	100 - 500 N·m
Square Size	3/4"
Max Air Pressure	6.3 bar
