

Gedore CRS 100-0022 FH Torque Screwdrivers

Complete control of the tightening process is achieved by eliminating both under and over tightening as these tools incorporate Gedore Torque-Stop slipping mechanism. Suitable for use by operators of any skill level, as these tools will repeatedly deliver the set torque without the need for operator intervention. Range: 6-32 ozf.in

Specifications	Details
Product Number	015089
Brand	Gedore
Range Imperial	6-32 ozf.in
Model Number	CRS 100-0022 FH
Drive Size	1/4"
Weight	72g
Range Metric	2-22 cN.m
