

DMT FWCX 4 DOUBLE DIAFOLD WHETSTONE 325/220

Double sided Diamond Whetstone sharpeners combine to create a lightweight sharpener that is great for home, camper, tool box, gardening shed and more. Folding plastic handles protect sharpener when not in use. Sharpens in a fraction of the time required by conventional stones. No messy oils needed--sharpen dry or with water. Durable construction will provide years of consistent performance and reliable service. Made with real diamond (monocrystalline). Easy to use - requires only light pressure to produce a keen edge. Uses water as a lubricant. Can be used to hone and sharpen steel, ceramics, glass, tungsten carbide, stone, etc.

Specifications	Details
Grit	45 60
Shape	 Rectangular
Grade	Coarse Extra-Coarse
Product Type	Sharpener
Weight	220 g
Abrasive Material	Diamond
Product Number	FWCX
SKU	DMT2563810GTSA
Depth	6 mm
Length	110 mm
Width	22 mm
Mesh	220 325
Brand	DMT
