

Elitech Inframate C | CO2 R744 Refrigerant Leak Detector | Carbon Dioxide Gas Leak Detector

Based on the infrared detection principle, Elitech independently developed the CO2 leak detector known as Elitech Inframate C. This innovative device combines infrared technology with a sensor that has a significantly longer service life and higher accuracy than previous models. Additionally, the detector optimizes the user experience and shows the detection findings in a more diverse and intuitive manner thanks to its innovative big TFT LCD display screen and exclusive ergonomic design.

Specifications	Details
Power Supply	2* 18650 Lithium Battery
Battery Life	8h, Charging time approx. 4 hours
Storage Temperature	-4Â°F~140Â°F(-20Â°C ~ 60Â°C)
Operating Temperature	14Â°F to 125.6 Â°F(-10Â°C-52Â°C);
Humidity	Maximum 90%RH(non-condensing)
Weight	15.9oz (450g)
