

Hermes WEBRAX MULTICLEAN PAINT & RUST REMOVAL DISC 115mm

Very open, stable abrasive web which resists clogging. Low-pressure grinding possible with a low level of heat generated and can be used to grind off old paints or adhesive/sealant residues. Grinding does not cause any change in shape. Suitable for cleaning and rust removal, fine deburring, priming metal surfaces to improve adhesion of subsequent coatings, removing colours from tarnishing and welding residues.

Specifications	Details
SKU	HER2018920GTSM
For Use On	Ferrous Metals
Disc Diameter	115 mm
Maximum RPM	10500 rpm
Product Number	6080418
Weight	1
Product Type	Disc
Shank Diameter	22 mm
Brand	Hermes
