

## Sia Abrasives 4819 T6412 SANDING DISCS 180x22mm P100

4819 Tough durable Zirconia grain with grinding aid to reduce heat build up and glazing. Strong fibre backing to give maximum grain support on arduous applications. Excellent life and cut to reduce down time and consumable costs, ideal for mild stainless steel and aluminium casting applications. Available in a choice of grades and in diameters of 100mm, 115mm, 127mm or 170mm.

| Specifications          | Details          |
|-------------------------|------------------|
| Backing Material        | Fibre            |
| Grade                   | P100             |
| Weight                  | 1                |
| Product Number          | 6810.2419.0100   |
| Disc Diameter           | 180 mm           |
| Abrasive Material       | Zirconia Alumina |
| SKU                     | SIA2021526GTSK   |
| Vacuum Hole Design      | No Holes         |
| Maximum Operating Speed | 7000 rpm         |
| Bore Diameter           | 22 mm            |
