Kennedy-Pro 1.1/16 A/F SOCKET 1/2 SQ DR

P.O Box 25898 Sharjah

United Arab Emirates

Bi-Hexagon Sockets 12 point - side drive design gives a higher torque than normal sockets, grip worn nuts and will not round off existing nuts. All have a ball-retaining groove on each face of the square drive, which ensures a positive fit with accessories. Require only a one-twelfth turn to engage the next point of the socket.
